

PCI-DSS Compliance

Key Benefits

- Proven Compliance Approach
- Risk Mitigation
- Proactive solution
- Protects your business reputation
- Ongoing Compliance Management

The Challenge

Are you PCI compliant? Failure to meet regulations can result in business fines and irreversible reputational damage. Self certification, auditing and quarterly penetration testing are essential, but can become an ongoing resource burden for your business.

The Solution

adept4's PCI-DSS compliance service delivers a value for money, quality solution. Our experienced team of IT security professionals have proven success in achieving and maintaining PCI compliance. Working with your team and partners to develop a solution tailored to your business needs, to deliver unrivalled security and resilience.

The solution includes:

- **Secure Computer Network**
Firewall and secure log-in.
- **Cardholder Data Protection**
Encrypted credit card data and secure storage.
- **Vulnerability Resilience**
Anti-virus protection, computer system and application security.

■ Robust Access Control

System access authorisation workflow, unique user ID and controlled access.

■ Monitoring & Testing

Data usage reports, process testing and quarterly penetration testing.

■ Audits & Self-certification

Gap analysis and remediation action plan.

■ Policy Documentation

Compliance process definition and documentation.

Conclusion

Can you afford to risk a data breach? Do you have the expertise and knowledge to develop and maintain an in-house solution? Contact adept4 today for a no obligation consultation.
